10 From

The Registrar

Guyana University

Forwards Copy of Resolution of the University Council recommending that Mr. B. Krishnaswami Iyengar may be confirmed as Principal & Prof. of Civil Engineering and that the Professorship of Electrical Engineering be advertised and requests that the said proposals of the University may be sanctioned.

1) Mr. Krishnaswami Iyengar was appointed Principal with effect from 24.6.35 during the absence of Mr. E.V. Tewfalwala on leave. He has continued in that place since then on an acting tenure. The University Council now recommend that Mr. Krishnaswami Iyengar may be confirmed in that appointment, his salary being his pay as Ex Engineer plus Principals allowance of $600/-

2) As regards the place of the Professor of Electrical Engineering it is noted that Mr. T. P. Dale, Supdt. of Electrical works has been appointed to act as such in Govt Notice No. 35 CS of 4-7-35. His appointment was

NOTE—Contn. Sheet.

File No. of 193

General and Revenue Secretariat

a temporary arrangement as the University had at the time intended to advertise the place of a Prof of Elect Engineering.

The University now urge that it is desirable to advertise the post & select the best candidate that may be forthcoming and request the approval of Govt to the proposal.

3) The recommendation of the University Council is forwarded for orders with yours.

Bom

Please put up file re:
(i) D first appt. of Mr J. P Das to Univ
(ii) Elec Deptt file re: Mr Das transfer to Univ

[illegible]

Serial No.

4) The post of Principal, Engineering College, has become permanently vacant from 15-1-1936 from which date Mr. Mowdawalla was appointed permanently as Chief Electrical Engineer. ~~When~~ When Mr. Mowdawalla went on leave (as Principal Engineering College) from 24.6.35 he temporarily acting arrangements were made in the Engineering College which are still continuing :–

(i) Mr. B. Krishnaswami Iyengar, Executive Engr., as acting Principal of the Engineering college & Professor of Civil Engineering, on his Salary as Ex. Engr. + 100 Rs. Allowance as Princp.

(ii) Mr. J. P. Das, Supdt. Electrical works in the Electrical Dept, to act as Professor of Electrical Engineering, on his own grade pay (400-30-700).

Vide Pl. J. of discussions in Mat collection

The discussions at the time show that the University were desirous of ~~secu~~ securing a duly qualified man for appointment as Electrical Engineering Professor independently by direct advertisement. When it was pointed out that the vacancy was only an acting vacancy at the time, they agreed to the suggestion of Govt. to take over Mr. J. P. Das as a temporary arrangement

NOTE–Contn. Sheet.

5) The University have now sent proposals for making permanent arrangements. Their proposals are:— P.W.D

(i) Mr B. Krishnaswami Ayengar to be made permanent as Principal & Professor of Civil Engineering from 15.1.36 (date of vacancy) on the existing terms, i.e. as Principal & Professor he will draw salary at his pay as Executive Engineer + Principal's D.A of Rs 100.

[As E.E. he appears to be entitled to draw the maximum pay of the grade, viz Rs 850 from 1.8.36. It is presumed that the proposal of the University is that he should be confirmed as Principal, his lien in the cadre of the P.W.D. being retained].

(ii) Post of Professor of Electrical Engineering to be advertised.

6) The second proposal involves the implication that they do not want Mr. J.P. Das to continue in the University & they want him to revert to the Electrical Dept. In this connection, the following facts are submitted. Mr J.P. Das

Serial No.

is an officer who was originally recruited by the University themselves by open advertisement in a similar manner that they propose to do now. The papers relating to his first appointment show that Mr. Das was selected by an Expert Committee appointed by the University Council and that Committee were of opinion that Mr Das might be started on a higher initial salary of Rs 500 (against 400-30-700 advertised) in view of his qualifications & varied experience". The University Council recommended a starting pay of Rs 400 only, but on Mr. J. P. Das' representation and subsequent discussions with the Chief Electrical Engineer etc, a starting pay of Rs 460/- was proposed and accepted. So Mr Das first entered service as Professor of Electrical Engineering in the University on a pay of Rs 460 in grade Rs 400-30-700 on probation for one year subject to confirmation at the end of it if his work were satisfactory. On the recommendation of the University as his work was satisfactory he was confirmed after one year, and this grade he has carried all along. He continued in the University for 4½ years

Ptn is drawing Rs 660 from 23-12-35

Univ. 173-30 (162)

NOTE—Contn. Sheet.

~~and~~ Confl. reports re: his work in the University during the period are placed below—

File No. of 193 . | General and Revenue Secretariat

On the appointment of Mr. Mowdawalla as Principal & Professor of Electrical Engineering, Mr. Das was transferred to the Electrical Department in July 1934 (where he had to be found a place on his pay in the University). He worked in the Electrical Dept. for about a year as Supt. of works, and was re-transferred to the University in ~~July 1934~~ July 1935 as acting Professor of Elec Engr — When Mr Mowdawalla took leave & thereafter joined the Elec Dept. The proposal of the University now sent up appears to amount to their declining to retain an officer whom they themselves recruited on a high initial salary and whose service has for the most part been spent in the University. They want to recruit another officer again on similar terms and perhaps expect to secure a ~~better~~ more suitable officer. ~~[The Electrical Dept. will have to provide for an officer originally recruited by the Univ. on a high start pay.~~ Once the University take in a new officer on a permanent tenure, there may be no other outlet for him & and no scope for changing him in case at any later date the University feel the need for the same.

Letter no 5771-E1 27.8.36 from the Registrar, Lucknow University. With reference to this Office letter E.II, number, referring to previous correspondence in the matter and states that "the University Council are of opinion that the post should be advertised.

23) Submitted with reference to paras 12 & 21 Supra.

NOTE—Contn. Sheet.

24) The University while conceding that Mr. J.P. Das was an officer recruited by them for this very post permanently, take their stand on the technical ground that the officer's lien was taken away from the University when he was transferred to the Electrical Dept. in July 1934 and the present vacancy is an independant & permanent one. They also refer to a G.O. d. 22.4.32 approving of the principle that "Professorships in the Engineering College should as a rule be held by persons directly appointed to the University and not borrowed from the P.W. or other Depts...." The reason underlying this principle is given in the Vice-Chancellor's D.O. letter d. 25.1.1932 in the following words: "The attitude of a University Professor towards a technical subject should not be that of a professional practioner only, but he should be able to guide not only routine work of the dept. but should be able to organize the academical side of the Dept.... Therefore, as a rule, the professor should be a whole-time member of the University Staff with an academical bent of mind."

25) Mr. J.P. Das was recruited by the University themselves as one possessing the requisite qualifications for a Professor, and his whole service ~~was~~ has been in the College except for one year in the Elec. Department

CS 346

Arrangements in Engineering College.

General & Revenue Secretariat. | File No. | of 193 | [App. F. III–2

Serial No.:

Though Mr Mowdawalla's tenure as Principal of the College of Engineering was of a substantive nature (and so the lien of Mr Das had to be transferred to another Dept.), it was understood even then that Mr Mowdawalla would remain in the University for a limited period. The University Council ~~do not say~~ who have no objection to retain Mr B. Krishnaswami Iyengar (an officer of the P.W.D) as Principal on his grade pay in the P.W.D + an allowance. They do not say anything why Mr J.P Das is considered unsuitable - ~~unless~~ his leaving the University service for a short period of one year ~~has entailed~~ ~~this is due~~ is in any way responsible for this.

(The Secretary, Elec. Dept., notes that Mr J.P. Das had to be found a place in the Electrical Dept. as a supernumerary officer under financial objection, and that the arrangement was acceded to as it was expected to be temporary during Mr. Mowdawalla's employment in the Engineering College)

GENERAL DEPARTMENT
27 JULY 1936
SIR,

84-6-49/5

Adverting to Government Order No. 2838-40/C.B. 140-34-6, dated the 15th June 1935, sanctioning the appointment of Mr. B.Krishnaswami Iyengar as Principal and Professor of Civil Engineering, College of Engineering, Bangalore, with effect from the 24th June 1935 on an acting tenure during the absence of Mr. F.N.Mowdawalla on leave, and with reference to your memo No. 1590-93/C.B. dated the 11th January 1936, forwarding a copy of notification No. 1588/C.B. 65-35-2, dated the 11th January 1936 ordering the appointment of Mr. F.N.Mowdawalla as Chief Electrical Engineer with effect from the 15th January 1936, I am directed to state that the question of the permanent arrangements in respect of the Principalship and the Professorship of Electrical Engineering in the College of Engineering ~~in the College of Engineering~~ was considered by the University Council at the meeting held on the 11th July 1936 and it was resolved that the following recommendations be made:

(i) Mr. B.Krishnaswami Iyengar to be confirmed as Principal and Professor of Civil Engineering.

P.T.O.

(ii) The Professorship of Electrical Engineering to be advertised.

I am to enclose herein a copy of the Council resolution and to request that you will be so good as to obtain kind sanction of Government for the confirmation of Mr. B.Krishnaswami Iyengar as Principal and Professor of Civil Engineering in the College, and the confirmation taking effect from the 15th January 1936 on the present terms, his salary being his pay as Executive Engineer plus Principal's allowance of Rs. 100/.

Regarding the Professor of Electrical Engineering, I am to invite kind reference to the correspondence ending with your memo No. 36/C.B. dated the 4th July 1935 and to state that the University Council is of opinion that it is desirable to advertise the post and select the best candidate that may be forthcoming. Accordingly I am to ~~request~~ forward herewith for approval the draft of an advertisement and to request that the present arrangement in this behalf may be continued until the formalities connected with the advertisement are finished.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

UNIVERSITY OF MYSORE

Extract from the proceedings of the meeting of the University Council held on the 11th July 1936.

Subject:

(i) Read Government notification No. 1588/C.B. 65-35-2, dated the 11th January 1936 appointing ~~of~~ Mr. F.N.Mowdawalla as Chief Electrical Engineer from the 15th January 1936.

(ii) Question regarding the following consequential arrangements in the College of Engineering, Bangalore:-

(Mr. B.Krishnaswami Iyengar is acting as Principal and Professor of Civil Engineering;

Mr. J.P.Das is acting as Professor of Electrical Engineering).

RESOLUTION:

RESOLVED that the following recommendations be made:

(i) Mr. B.Krishnaswami Iyengar to be confirmed as Principal and Professor of Civil Engineering;

(ii) The Professorship of Electrical Engineering to be advertised.

"Copy"

Registrar.

UNIVERSITY OF MYSORE

Applications are invited for the post of Professor of Electrical Engineering in the College of Engineering, Bangalore, on a salary of Rs. 400-25-700. The starting salary will be the minimum of the grade.

The candidate should have passed a University degree examination in Electrical Engineering with distinction, and should be capable of teaching Electrical Engineering up to the University standard. He should also have had experience of the design of electrical machinery or the design or operation of large power supply systems. Preference will be given to candidates who have done investigation work and who have had previous teaching experience.

The selected candidate will be in charge of the Electrical Engineering Laboratory. He will be required to join duty on ..... The service is pensionable and carries with it the benefits of the Mysore Service Regulations in respect of leave, leave allowances, pensions etc.

Applications should contain in addition to the above particulars the following information:

Name, age, nationality, University qualifications with dates of passing examinations, present position, previous service and emoluments, professional attainments and other particulars, if any.

Copies of testimonials (which will not be returned) should be submitted along with the applications.

Applications should be addressed to the Registrar, University of Mysore, and should reach him on or before the ..... 1936.

Intending applicants from amongst those who are already in Mysore Service should forward their applications to the Registrar through the proper channel.

Registrar,
University of Mysore.

No. 428/CS 149-34-11

8.8.36

To

he Registrar,

Mysore University.

Sir,

I am directed to acknowledge receipt of your letter No.2553 dated 25th July 1936 forwarding ~~certain~~ the proposals of the University Council in regard to permanent arrangements ~~in respect for~~ the posts of the Principal and the Professor of Electrical Engineering in the College of Engineering, ~~and to state as follows:—~~ Govt observe that

~~While~~ the University Council have recommended the confirmation of Mr. B.Krishnaswami Iyengar as Principal and Professor of Civil Engineering, ~~they do not appear to be but are not in favour of~~ but do not propose the continuance of the existing arrangements in regard to the Professor of Electrical Engineering and want to make a fresh selection for the post by advertisement.

In this connection, I am to point out that Mr. J. P. Das, who is now acting as Professor of Electrical Engineering, is an officer who was directly recruited to this very post by the University themselves in 1929 by advertisement on ~~similar~~ similar lines ~~as~~ now proposed. He was ~~in the first instance taken~~ appt. on probation for one year and ~~on his work during the period being reported to be satisfactory, he was~~ confirmed on Rs.490/- in the

grade Rs.400-30-700 with effect from 23.12.1930, on the recommendation of the University Council. ~~Though~~ His services were transferred to the Electrical Department only in July 1934 ~~on~~ the appointment of Mr. F.N.Mowdawalla as Principal and Professor of Electrical Engineering, ~~he has again been doing the duties of Professor of Electrical Engineering since July 1935.~~ Most of his service has thus been under the University and he has been all along drawing salary according to the scale ~~allowed~~ sanctioned to him by the University at the time of his entertainment.

In the foregoing circumstances, I am to enquire why it is considered necessary to advertise for the place again, and why Mr. J. P. Das ~~cannot~~ may not be continued in his present charge.

I am to add that ~~the~~ direct recruitment of another ~~highly paid~~ officer separately for this one technical post in the Electrical Engineering Department of the University may not ~~prove to~~ be a convenient arrangement.

I have, etc.,

General Secretary.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No. 428/GB-149-34-11 *Dated, Bangalore,* 7th August *193* 6.

From

M. Venkatesa Iyengar, Esqr., M.A.,
General Secretary to the Government of His Highness the Maharaja of Mysore.

To

V. Gopalaswami Aiengar, Esqr., M.A.,
Registrar, University of Mysore, Mysore.

Sir,

I am directed to acknowledge receipt of your letter No.2553 dated 25th July 1936 forwarding the proposals of the University Council in regard to permanent arrangements for the posts of the Principal and the Professor of Electrical Engineering in the College of Engineering.

Government observe that the University Council have recommended the confirmation of Mr. B.Krishnaswami Iyengar as Principal and Professor of Civil Engineering, but do not propose the continuance of the existing arrangements in regard to the Professor of Electrical Engineering and want to make a fresh selection for the post by advertisement.

In this connection, I am to point out that Mr. J. P. Das, who is now acting as Professor of Electrical Engineering, is an officer who was directly recruited to this very post by the University themselves in 1929 by advertisement on lines similar to those now proposed. He was appointed on probation for one year and confirmed on Rs.490/- in the grade Rs.400-30-700 with effect from 23rd December 1930, on the recommendation of the University Council. His services were transferred to the Electrical Department only in July 1934 on the appointment of Mr. F.N.Mowdawalla as Principal and Professor of Electrical Engineering in the Engineering College, and he

returned to the College in July 1935. Most of his service has thus been under the University and he has been all along drawing salary according to the scale sanctioned to him in the University at the time of his entertainment.

In the foregoing circumstances, I am to enquire why it is considered necessary to advertise for the place again, and whether Mr. J. P. Das may not be continued in his present charge. I am to add that direct recruitment of another officer separately for this one technical post in the Electrical Engineering Department of the University may not be a convenient arrangement.

I have the honour to be,

S i r,

Your most obedient servant,

General Secretary to Government.

GENERAL BRANCH
28 AUG. 1936

SIR,

28-8-36

With reference to your letter No. 428/C.B.149-34-11, dated the 8th August 1936, regarding the proposal made by the University in my letter No. 2553, dated the 25th July 1936, respecting the Professorship of Electrical Engineering in the College of Engineering, Bangalore, I am directed to state that though Mr. J.P.Das was recruited to the University by advertisement, appointed on probation for a certain term, and confirmed at the end of the period, yet by Government notification No. 68/C.B. 18-34, dated the 9th July 1934, Mr.Das was, on the appointment of Mr. Mowdawalla as Professor of Electrical Engineering and Principal, transferred to the Electrical Engineering Department without any lien on his appointment in the University. Later, in connection with the arrangements made for the Professorship of Electrical Engineering in the college during the absence of Mr. Mowdawalla on leave, it was represented to Government that it was considered desirable to advertise the place. But it was pointed out that the vacancy was temporary and the re-transfer of Mr. J.P.Das to the Engineering College was ordered on an acting basis in notification No. 35/C.B. 149-34-8, dated the 4th July 1935. Reference is

P.T.O.

invited in this connection to the third and fourth paragraphs of my letter No. 23075, dated the 24th June 1935, in which it was urged that no permanent appointment of the Professor of Electrical Engineering should be made "until the question is further considered in all its bearings and a suitable selection made." The University Council has duly considered the position and is again of opinion that before a permanent appointment is made to the office again the post should be advertised. I am accordingly to request that sanction of Government may kindly be accorded for re-advertising the post. A copy of the Council resolution is herein enclosed.

2. With reference to the last sentence of your letter of the 8th August 1936 under reply, I am to invite reference to the principles approved in Government Order No. 4308-15/Uni. 123-31-2, dated the 19/22nd April 1932, according to which professorships in the College of Engineering should, as a rule, be held by persons directly appointed to the University and not borrowed from the Public Works or other Departments, although in making such appointments the claims of departmental officers may be considered.

3. In conclusion I am to request the favour of sanction of Government for both the proposals contained in my letter of the 25th July 1936.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

To

The Registrar,
University of Mysore.

Sir,

With reference to the correspondence ending with your letter No.5771 dated 27th Aug. 1936 in regard to the question of permanent arrangements for the post of Professor of Electrical Engineering in the College of Engineering, I am directed to state that all the circumstances ~~xxxxxxxx~~ mentioned in your letter have been carefully considered by Govt.

~~While it is true that,~~ When Mr. Mowdawalla was appointed Principal of the College, and a separate Professor of Elec. Engineering was not wanted, Mr. J. P. Das had to be transferred from the University, but it was also understood that Mr. Mowdawalla would not continue in the College for a long period. Consequently ~~and~~ Mr. Das was found a place with some difficulty as a supernumerary officer in the Electrical Department ~~in the expectation that the situation could be reviewed later. It is not denied by the University that~~ Mr. Das is an officer directly recruited by the University themselves to this very post of Professor of Electrical Engineering and ~~that~~ most of his service has been in the University. It is therefore ~~but~~ fair that he should be taken back to the University on Mr. Mowdawalla's leaving the College.

In the ~~foregoing~~ circumstances, Government regret they cannot ~~accept~~ the proposal of the University that Mr. Das should be sent back to the Electrical Deptt. and that the post in the University should be advertised once more. ~~Govt.~~ agree will be glad if the University will kindly agree to retain him permanently in the College.

I have, etc.,

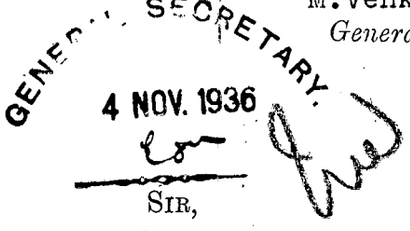
To

M.Venkatesa Iyengar, Esq., M.A.,
General Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.



SIR,

With reference to your letter No.699/C.B.149-34-14, dated the 17th September 1936, regarding the retention of the services of Mr.J.P.Das as Professor of Electrical Engineering in the College of Engineering , Bangalore, I am directed to state that the question was discussed again at the University Council meeting held on the 10th October 1936. The Council felt the need for further consideration before recommending the confirmation of Mr.Das again. It was, therefore, resolved to request Government to let Mr.Das continue as Professor of Electrical Engineering on the present acting basis.

I am to enclose a copy of the Council resolution and to request that the resolution may kindly be accepted. I am to add that Government will be addressed again on the question towards the end of the current academical year.

I have the honour to be,
Sir,
Your most obedient servant,
